

Standard Signage for Treatment & Chemical Dosing Plants

HAZARDOUS CHEMICALS SODIUM HYPOCHLORITE FACILITY

SODIUM HYPOCHLORITE (<1%) FACILITY SIGN (DS WCSS003-5)

This **Hazardous Chemicals** sign has white text on a lilac background with the standard hazardous chemical warning label.

Material: Metal or Vinyl (note that the dimensions are dependent on the size of the tank, but the text shall be no less than 40mm in size).

- The **Sodium Hypochlorite Facility** sign shall be posted on the outside wall near each entry door to the store, but not to be obscured when the door is open.
- The **Sodium Hypochlorite Facility** sign shall be displayed at a level so that it is visible from the normal direction of approach.

Note: This sign is to be used at electro-chlorination sites that batch Sodium Hypochlorite at less than 1% concentration only.
