Mixed stores of packaged dangerous goods shall be placarded with class and/or division labels to reflect the chemicals stored within.

This example of a Dangerous Goods Package placard has a white background with the specified Dangerous Goods class and/or division labels for LPG, sodium fluoride, sodium hypochlorite and calcium hypochlorite respectively. Material: Metal or Vinyl – TBD (W) x 200 (H) with the other dimensions as indicated.

- A Mixed Class Package placard shall be posted on the outside wall near each entry door to the mixed store but is not to be obscured when the door is open.
- A Mixed Class Package placard shall be displayed at eye level so that it is visible from the normal direction of approach.

Note: Segregation of dangerous goods shall be undertaken in accordance with relevant Australian Standards.
