This **Hazardous Chemicals Package Store** sign has white text on a lilac background. Material: Metal or Vinyl – 450 (W) x 250 (H) (note that the text shall be no less than 50mm in size).

- The **Package Store Example** sign should be posted on the outside wall of the hazardous chemicals package store near the entry door(s) to the store, but not to be obscured when the door is open.

- The **Package Store Example** sign should be displayed at a level so that it is visible from the normal direction of approach.
