

Standard Signage for Treatment & Chemical Dosing Plants

HAZARDOUS CHEMICALS CITRIC ACID FACILITY

CITRIC ACID SOLUTION TANK SIGN (DS WCSS052-2)

This **Hazardous Chemical** sign has white text on a lilac background.

Material: Vinyl (note that all dimensions are dependent on the size of the tank, but the text shall be no less than 50mm in size).

- The **Citric Acid Solution Tank** sign shall be posted on the storage tank(s)
- The **Citric Acid Solution Tank** sign shall be displayed at a level so that it is visible from the normal direction of approach.

Note 1: This sign is for Citric Acid that is not a Dangerous Good but is a Hazardous Chemical by classification. The pictogram will either be an exclamation mark OR a corrosive symbol dependent on the type of Citric Acid to be stored.

Note 2: Other concentrations and varying product ingredients may trigger Dangerous Goods classification instead. Always check the supplier SDS to establish the correct signage and/or labelling requirements for this product.
