

## Standard Signage for Treatment & Chemical Dosing Plants

**CHLORINE BULK STORE**  
(920kg Drums)  
OR  
**CHLORINE PACKAGE STORE**  
(33kg and/or 70kg Cylinders)

**MULTI-CHLORINE SIGN (DS WCSS101)**

This **Hazard Danger** sign has a standard danger symbol as per AS1319, with the other text black on a white background.

Material - Metal 600 (W) x 600 (H) with the other dimensions as indicated.

- The **Multi-Chlorine** sign shall be posted at eye level on the outside wall of the chlorine store and shall not be obscured when doors are open, or, posted on a freestanding post within the vicinity of the chlorine store.
- The **Multi-Chlorine** sign shall be displayed at a level so that it is visible from the normal direction of approach.
- For a large chlorine installation where there is an alternative entry door an additional **Multi-Chlorine** sign shall also be displayed on that side of the chlorine store.
