

Standard Signage for Treatment & Chemical Dosing Plants

FUEL STORAGE AREAS Diesel, Kerosene

COMBUSTIBLE LIQUID SIGN (DS WCSS105)

This **Hazard Danger Sign** is in landscape format with the standard danger symbol as per AS1319. The other text is black on a white background.

Material: Metal or vinyl 450W x 300H with the other dimensions as indicated.

- The **Combustible Liquid** sign should be posted on a freestanding post at the entry to the store or bund area or next to the tank filling point.
- The **Combustible Liquid** sign shall be displayed at a level so that it is visible from the normal direction of approach.
