NO CHLORINE LEAK WARNING (DS WCSS131)

This **Danger Sign** has a standard danger symbol as per AS1319 and the other text is black on a white background.

Material - Metal or Vinyl - 600 (W) x 600 (H) with the other dimensions as indicated.

- The **NO CHLORINE LEAK WARNING** sign shall be installed at sites that do not have chlorine leak detectors or do not have SCADA- linked detectors with external warning lights.
- The **NO CHLORINE LEAK WARNING** sign shall be posted at the entrance to site (on the front gate) or on a freestanding post within the vicinity of the front gate.
- The **NO CHLORINE LEAK WARNING** sign shall be displayed at a level so that it is visible from the normal direction of approach.
