

Standard Signage for Treatment & Chemical Dosing Plants

SODIUM ALUMINATE BULK STORE OR PACKAGE STORE

MULTI-SODIUM ALUMINATE SIGN (DS WCSS132)

This **Hazard Danger Sign** is in landscape format with a standard danger symbol as per AS1319. The other text is black on a white background.

Material - Metal 450 (W) x 300 (H) with the other dimensions as indicated.

- The **Multi-Sodium Aluminate** sign is used to keep the entry/exit areas clear and to stop un-authorised personnel from entering the area where the chemical is stored.
- The **Multi-Sodium Aluminate** shall be posted on the outside wall near the unloading area and/or entry to the chemical facility. The sign may be posted on the personnel door if wall space is not available.
- The **Multi-Sodium Aluminate** shall be displayed so that it is visible from the normal direction of approach.
