FIRE EXTINGUISHER SIGN (DS WCSS325)

This **Fire Equipment** sign is in portrait format with white text on a red background. Material: Metal or Poly – 225 (W) x 300 (H) with the other dimensions as indicated.

- The **Fire Extinguisher** sign should be posted on a wall, freestanding post above the fire extinguisher unit or on the cabinet that houses the unit.
- The **Fire Extinguisher** sign shall be displayed at a level so that is visible from the normal direction of approach.
- The **Fire Extinguisher** sign should be located so the information is legible, and the sign attracts attention.
