

## Standard Signage for Treatment & Chemical Dosing Plants

### TREATMENT or CHEMICAL DOSING PLANTS

#### VISITORS REPORT SIGN (DS WCSS600)

This **General Information** sign is in landscape format. The standard notice block is white text on a blue background with the other text black on a white background.  
Material: Metal – 450 (W) x 300 (H) with the other dimensions as indicated.

- The **Visitors Report** sign should be mounted on a post or attached to the fence at the main entrance(s) to the chemical installation or plant.
- A second optional **Visitors Report** sign may also be mounted on the wall near the main entrance to the operations building.
- The **Visitors Report** signs are usually required for large installations or plants that have operations personnel on site during normal working hours.
- The **Visitors Report** sign should be displayed at a level so that it is visible from the normal direction of approach.
