

Standard Signage for Treatment & Chemical Dosing Plants

TREATMENT or CHEMICAL DOSING PLANTS

CHEMICAL DELIVERIES SIGN (DS WCSS651)

This **Directional Information** sign has black text on a white background, a red directional arrow and a standard Water Corporation logo at the bottom.

Material: Metal – 600 (W) x 400 (H) with the other dimensions as indicated.

- The **Chemical Deliveries** sign should be posted on the entry gate and/or mounted on a freestanding post or frame at the appropriate point on the roadway.
- The **Chemical Deliveries** sign should be displayed at a level so that is visible from the normal direction of approach.
