- a) Where Applications on the Site require an identifiable or Non-Repudiable interaction with you, we will (subject to your application being approved under clause 19.3) provide you with an Identifier to provide authentication, the combination of which, identifies you to us and authenticates you as the person who you claim to be.
- b) When access to use an Application is required by more than one person within your organisation, we require each of those persons to be identifiable. We will therefore provide, on application, a unique Identifier for each of those persons. Sharing of user accounts or disclosure of unique Identifiers is prohibited.

### **19.3 Request for access to Applications**

- a) Water Corporation content on the Site is available to the public. Where authorised access is required to a non-public Application, specific instructions on how to apply for that authorisation and an application form will be provided.
