

Wastewater upgrades – City of Rockingham

Baldivis

Notice of Proposal to construct a new below ground wastewater pump station and emergency overflow storage

To cater for growth in residential land development in the Baldivis area, Water Corporation is planning to install a new below ground wastewater pump station and overflow storage, along with two short sections of wastewater pipeline. The location of the proposed work is shown on the map.

Subject to obtaining all necessary approvals, the proposed work is scheduled to commence in early to mid-2022 and will take approximately 12 to 18 months to complete.

We will work with the City of Rockingham to ensure all impacted areas will be reinstated upon completion of the work.

Please refer to the instructions in the attached letter if you would like to raise any objections or concerns about the proposed work.
