

Metropolitan Wastewater Upgrade City of Swan and Shire of Mundaring

Notice of Proposal to construct a wastewater pipeline and upgrade existing pump station

To improve wastewater services in the City of Swan and Shire of Mundaring, Water Corporation proposes to undertake the following work:

- Upgrade the existing Elder Way wastewater pump station; and
- Construct a 315mm diameter pressure wastewater pipeline approximately 400 metres long, along Katherine Street.

The location of the proposed work is as shown on the map.

Construction of the proposed pipeline will be installed predominantly by trenchless technology. Once complete, all affected areas will be re-instated as close as possible to their original condition.

Further project information may be obtained by contacting the Project Manager, Paul Kilpa, at paul.kilpa@watercorporation.com.au or (08) 9420 3332 (during office hours).

Objections to the proposed works will be considered if lodged in writing, addressed to the Project Manager, Mr Paul Kilpa, Water Corporation, P.O. Box 100, Leederville, WA 6902, before the close of business, within 21 days of receiving the accompanying letter.
