

Water Supply Improvements: Pipes for Perth - East Fremantle in the Town of East Fremantle and City of Melville

Notice of Proposal to construct a 600m and 373mm water pipeline

To improve the security and reliability of the water supply in East Fremantle, Bicton and Palmyra, Water Corporation proposes to construct the following infrastructure:

- Installation of 2.2km of 600mm diameter water main
- Installation of 800m of 373mm diameter water main
- Local reticulation upgrades

The map opposite shows the location of the work near your property in more detail. The map on the next page shows the whole route of the proposed work.

The pipeline will be installed below ground and construction will be by open trench excavation which will be backfilled and restored.

Subject to obtaining all necessary approvals, the proposed work is scheduled to commence in mid-2021 and will take approximately 10 months to complete.

Further information may be obtained by contacting the Project Manager, Shelly Trew by email to Shelly.Trew@watercorporation.com.au or phone (08) 9420 2354 (during office hours).

Any objections to the proposed work can be made in writing to Project Manager, Shelly Trew by email to Shelly.Trew@watercorporation.com.au or by mail to PO Box 100 Leederville WA 6007 by Monday 1 February 2021 fully stating your reasons for the objections.
