

# Weather-based Irrigation Controller Rebate

## Controller programming service

Must be completed by an endorsed Waterwise Garden Irrigator

Customer name

Address

Controller Make/Model

Purchased from

Must be purchased from an endorsed Waterwise Garden Irrigator or Waterwise Irrigation Design Shop.

## Controller setup

**Weather-based functionality programmed & operational?** Y N  
*Required for rebate*

**WiFi connection achieved?** (if internet weather required for weather-based functionality. A rain sensor shut off is not sufficient on its own.) Y N

**Set run times appropriate for sprinkler type** Y N

**Bore used for irrigation** Y N

**Complete & supply controller card** Y N

Check & advise (optional)

**Master valve installed?** Y N

**Confirm solenoid valves working correctly** Y N

**System split into hydrozones?** Y N

**Sprinkler spacing / uniformity ok?** Y N

**Matched precipitation nozzles?** Y N

**Was this a new install or replacement?**
