CHLORINE BULK STORE
(920kg Drums)
OR
CHLORINE PACKAGE STORE
(68kg and or 32 kg Cylinders)

CHLORINE WORK IN PROGRESS (DS WCSS171)

This **Warning Sign** has a standard warning symbol as per AS1319 with the main text black on a white background. Material - Metal or Vinyl - 600 (W) x 600 (H) with the other dimensions as indicated.

- The **CHLORINE WORK IN PROGRESS** sign can be used at sites as a precautionary measure to alert personnel that work on a chlorine system is in progress and fumes may be present.
- The **CHLORINE WORK IN PROGRESS** sign should be attached to a steel folding 'A' frame that locks into position when erected.
- The **CHLORINE WORK IN PROGRESS** sign shall be displayed in the vicinity of the chlorine store in a location that it is visible from the normal direction of approach.
- For a large chlorine installation where there is an alternative entry door an additional **CHLORINE WORK IN PROGRESS** sign should be displayed on that side of the chlorine store.
