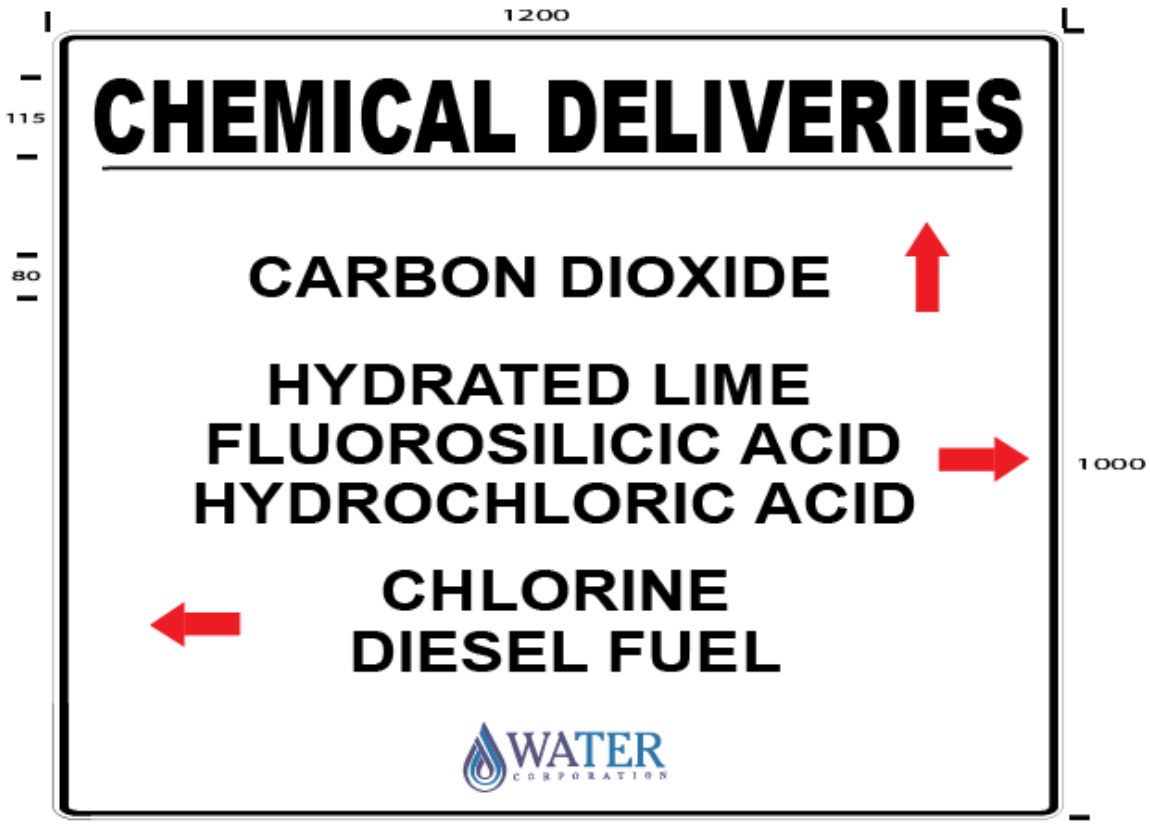
Standard Signage for Treatment & Chemical Dosing Plants

TREATMENT or CHEMICAL DOSING PLANTS

MULTI CHEMICAL DELIVERIES SIGN (DS WCSS650)
(Example)



This **Directional Information** sign has black text on a white background and the standard Water Corporation logo at the bottom.
Material: Metal – 1200 (W) x 1000 (H) with the other dimensions as indicated.

- The **Multi Chemical Deliveries** sign should be mounted on a two post frame.
- The **Multi Chemical Deliveries** sign should be located in an appropriate position between the main entrance and the plant operations and/or chemical buildings.
- The **Multi Chemical Deliveries** sign should be displayed at a level so that is visible from the normal direction of approach.
