Purpose of application / water supply requirements?			
Meter size:	mm	Flow rate:	L/min
If the service is not required to be permanent, specify how long it is required for (6 months minimum):			months
Daily requirement greater than 49KL? **Yes / No**		Daily required number of KLs:	
Reason for water usage: (For example tree watering, road construction etc)			
Meter box required? (Applies to services up to 50mm only, provided backflow risk is not high as determined by the Water Corporation. Services with a high backflow risk will require a backflow prevention device that will not fit in a box) **Conditions apply.**	**Yes / No**		

If no, please complete details below

Service location details:

Due to electrical risks we are prevented from installing the water meter less than 500mm from the centre of an electrical power dome

Please describe where the service is to be located as if you are standing in the street looking at the property and specify the distance from the closest boundary e.g. install service 5 metres from left hand boundary on * street (*Provide the street name if property is on a corner.)

Location comments:

Water Supply Application (not to be used for building purposes)

Meter boxes

All meter boxes are to be installed by Water Corporation or our approved installer, providing all our safety requirements are met.

Subject to your agreement of our Standard terms and conditions, Water Corporation or our approved installer will install the meter box.

Meter boxes can only accommodate services up to 50mm, provided we have not classified the backflow risk as 'high'. Services with a high backflow risk will require a back flow prevention device that will not fit in a box.

Conditions

With respect to this application, I acknowledge and agree that the approval of this application and provision of a service will be subject to the Standard terms and conditions.

I have read and understood these terms and conditions,
